

Sebastian Cruz

ABOUT ME

With a strong foundation in mechanics, fabrication, and hands-on problem-solving, I bring a technical and creative approach to Special Effects work. My background includes soldering and repairing electronics, welding, vehicle servicing, and fabricating custom builds — skills that allow me to deliver practical, reliable solutions under the fast pace of film production.

CONTACT ME

secrusa710@gmail.com

(604) 363-1732

I combine this technical expertise with experience across SPFX, art, and set departments, giving me the ability to collaborate seamlessly with other crews while ensuring effects are safe, functional, and visually impactful. My adaptability, precision, and understanding of on-set demands allow me to troubleshoot quickly and execute complex builds that enhance the storytelling on screen.
